

Moowon Kim — CV

Creative Director | AI Creative Director | AI VFX Team Lead | IP Owner

Seoul, South Korea · 3d71moowon@gmail.com · [Portfolio: moowonkim.soloflux.net](#) · [LinkedIn](#) · [AI Film](#) · [Instagram @mono_mars](#) · [VFX Reel](#) (PW: 4754)

SUMMARY

Rare AI filmmaker with deep Hollywood-scale VFX craft — 15+ years as artist and supervisor on major theatrical VFX productions. Brings unique ability to bridge AI's limits with traditional VFX techniques when generative pipelines fail. End-to-end producer: concept → production → funding → government grants.

Creator of MONO MARS: 25M+ Instagram views in 90 days (top post: 6.8M+), 210K+ global followers, 8 international AI film festival selections. Currently leading Dexter Studios' AI VFX R&D Lab (Feb 2026–present) — translating MONO MARS AI methodology into theatrical-scale VFX infrastructure.

MAJOR ACHIEVEMENTS

- **25M+ Instagram views in 90 days** (top post: 6.8M+); **210K+ global followers on the MONO MARS character account**
 - **8 international AI film festival selections** — *Faces of the Unknown* (2025, AI short film):
Official Selection: AI Film Awards Cannes 2026, Las Vegas AI Film Festival, Seoul International AI Film Festival 2025, AIFilm-AIFilmAwards Bali 2025, Pulse of Animation Festival 2025;
Finalist: Australian AI Festival 2025, Nikola Tesla Film Festival 2025;
Semi-Finalist: Hollywood AI Short Film Awards 2026
 - **Led feature theatrical animation project from scratch to full international co-production (Korea–France–Italy)** — end-to-end creative and production leadership; co-production agreement signed at MIPCOM Cannes, Oct 2024; target theatrical release 2027–2028
 - **MONO MARS — brand character for multiple major partners:** Hankook Tire Formula E World Championship (3 seasons, 2023–2025; 20+ episodes/season; brand Instagram **10K → 220K**), Seoul City, Korea Aerospace University, Samsung TV Channel, and others
 - **Partial MONO MARS IP stake pre-sold for ₩500M** (Nov 2022) — first institutional validation of IP commercial value; successful Kickstarter US 2024 campaign backed internationally
 - **₩795M (\$600K+)** in non-dilutive government R&D grants across 7 consecutive years (avg. ~\$85K/yr; KOCCA, MSIT, SBA) — government-level validation of IP commercial potential
-

PROFESSIONAL EXPERIENCE

Dexter Studios — AI VFX Team Leader (R&D Lab)

Feb 2026 – Present | Seoul, South Korea

- Returned to Dexter to translate MONO MARS AI methodology into theatrical-scale VFX infrastructure; leading AI VFX R&D team.
- **Leading and supervising generative AI work across 7 concurrent global feature/OTT productions.**
- Deploying generative AI across global OTT tentpole and theatrical feature productions (previs, environment generation, character consistency) — actively delivering quality gains on shots traditionally

infeasible with conventional VFX.

CGTALE Studios — Founder / Creative Director

Jun 2018 – Dec 2025 | Seoul / Global (CG TALE Inc. / 주식회사 씨지테일, est. Jun 26, 2018)

- Created and directed MONO MARS IP: 20-episode AI hybrid short-form series → international theatrical co-production deal.
- Led feature theatrical animation project from scratch to full international co-production (Korea–France–Italy) — end-to-end creative and production leadership.
- Oversaw all creative direction: shot direction, visual tone, final creative sign-off.
- Directed brand collaborations (Formula E, Seoul City, Samsung TV) and international content projects.
- Secured ₩795M (\$600K+) in non-dilutive government R&D grants across 7 years (KOCCA, MSIT, SBA).

Yoozoo Games — CG Executive Director

Mar 2017 – Dec 2017 | Shanghai, China

- Directed high-fidelity game cinematics and promotional campaigns; led internal and external art teams.

Dexter Studios — CG Supervisor / 3D Generalist Artist

Apr 2014 – Sep 2016 | Seoul, South Korea

- Contributed to VFX on feature films: *Along With The Gods*, *Kung Fu Yoga*, *Journey to the West* — modeling, texturing, lookdev, and lighting on complex 3D sequences.

Industrial Light & Magic (Lucasfilm Singapore) — 3D Modeler

Jun 2010 – Jun 2013 | Singapore

- Credits: *Pacific Rim* (2013), *Star Trek: Into Darkness* (2013), *Strange Magic* (2015).

TOOLS / TECH STACK

3D / VFX: Maya · Nuke · ZBrush · MARI · RenderMan · Redshift · Photoshop

Post / Edit: Premiere Pro

AI: Runway · Kling · Magnific · Higgsfield · ComfyUI · ElevenLabs

EDUCATION

Vancouver Film School — 3D Animation & Visual Effects Diploma (2007–2008)

Hansung University — BFA, Media Design / Time Based Media (2000–2009)

LANGUAGES

Korean — Native · English — Professional working proficiency
